

Dean's List

6 S U L Q J

The Dean's List certificates, produced at the conclusion of each academic term, records the names of all students who have demonstrated academic excellence in the previous semester. In order to qualify for this special distinction, students must earn a semester grade point average of at least 3.600 having completed a minimum of 12 academic credits graded on the A scale. In addition, students with grades of "I," "D," "F" or "WF" will not be named to the list. Any student who meets these criteria will have a Dean's List notation permanently recorded on their official College transcripts. The following students met these criteria based on grades reported as of December 2, 2016:
